

Sangerville, Maine Community Bill of Rights Ordinance

As Amended by the Town 9-18-2013

Establishing A Community of Rights For The Town of Sangerville Which Prohibits Private and Public-Private Transportation and Distribution Corridors That would Violate The Bill of Rights, and which Provides For Enforcement of This Ordinance Against Corporations Engaged in the Construction and Operation of Those Corridors

Whereas, This Community finds that private and public-private transportation corridors are economically and environmentally unsustainable , in that they damage property values and the natural environment while failing to provide real benefits to the people of this community;

Whereas, this community finds that private and public-private transportation corridors violate the rights of Sangerville residents, including our right to make decisions about what happens to the places where we live;

Whereas, private corporations engaged in the construction and operation of these corridors are wrongly recognized by the federal and state government as having more “rights” than the people who live in our community, and thus, that recognition of corporate “rights” is a denial of the rights of the residents of Sangerville; and

Whereas, such a denial violates the Maine Constitution’s Declaration of Rights, which declares that “all power is inherent in the people” and that the people have an “unalienable and infeasible right to alter, reform or totally change government”

Therefore, We the People of Sangerville hereby adopt this Community Bill of Rights Ordinance.
